Wiring diagram

cable quality S366

Flexible PVC and halogen-free control cable with PUR jacket and Polypropylene conductor insulation. The temperature resistance ranges from -40°C up to +90°C. Oil resistance and flame retardance according to VDE 0472 are fulfilled. At a bending radius of 10 x cable diameter the cable can be used in trailing applications. This cable is suited for flexible use in robot technology, tooling machines and in machining applications.
